Social media is fundamentally changing how people form relationships, consume information and make important life decisions. This has significant implications for congregations, from how we share news and announcements to how people move into membership.

For our congregations to thrive in the 21st Century, we must understand these changes and learn to use the communication tools of our time with purpose, skill and integrity.

Join us for this daylong social media intensive for congregational leaders presented by Unitarian Universalist growth, outreach and media consultant, Peter Bowden.

Sponsored by: UU Church of Tucson, UU Church of South East Arizona, Sierra Vista, UU Congregation of Green Valley, Amado, Mountain Vista UU Congregation, Tucson and the Rev. Charles Gaines.
